## A Nobel Prize Winner?

When Nobel-Prize winner Bertrand Russell sat down in a London street to voice protest against the nuclear arms race a few weeks ago, he sat down on more than pavement. Russell, an extreme liberal, whose political tendencies have always leaned to the left, exemplified his disgust for the UN organization and, we feel, his action indicated a loss of personal character, dignity and respect for a government which has always heaped laurels upon him.

This public disgrace was mimicked by a sordid and motly group of so-called "intellectuals" wearing beards and adorned in raggedy, ann clothes. Confused English pedestrians watched as London Bobbies darted them away by the nape of the neck.

The liberal-left, which usually consists of uninformed students agitated on to riots by communist infiltrators, also sparked a disapproval campaign recently in Madison, Wisconsin.

It is our opinion that this kind of reaction does nothing to remedy our world problems and presents only a sickening display of emotionalism without reason. The sight of Americans dragging other Americans down the streets of our cities invariably leaves one with injured national pride and a personal bad taste in the mouth.

It is in this way, through mass hysteria, uncontrolled riots, leaderless mobs of violence, that the communist order displaces the life of a Republic. We do not feel that intolerant or Hitler-like tactics must be employed to halt these unruly gatherings, however we feel very strongly that preventative measures must be taken in our schools, our unions and our homes.

Unless we meet the communist menace that lurks in the minds of ignorant men who would usurp a government and a way of life purely because they are promised an impossible worldly paradise, we shall in all eventualities succumb to the dictatorship of Communist Russia and Khrushchev's threat to "bury" us will become a reality.

We must seek out responsible men, it is felt, who will assume "the watch that ends the night", who will drive the communist legions of politics, false educators and sympathizers from our shores, who will protect what thirty million men died for in the seven major wars of our history.

Yes, Bertrand Russell, who would "rather be Red than Dead" sat down on the ideals of a nation. He took it upon himself to represent himself only, and he, as a supposed leader of men, we feel, should know better. Another Englishman, however, felt quite a bit differently. His name was John Donne.

Perhaps Russell has read his oft-quoted lines:

"No man is an island entire in itself but a piece of the main continent and each man's death diminishes me because I am involved in mankind and therefore never send to know for whom the bell tolls, it tolls for thee."

Perhaps Russell has forgotten these lines and thousands like them from a proud past. We have not!

BY LOU BURKIN

Government by committee of experts seems to be the future of county government in Lake County as the Board of Supervisors turns more and more to the use of experts in various fields to advise and coordinate.

Already wielding unusual power are such comparatively new county government departments as the planning and zoning board, the county health department and the new county finance officer.

Now it appears that a new Director of Public Works will be established to advise the county board on area-wide sewage disposal and water supplies and to coordinate activities in this field.

The prospect was advanced recently by Supervisor Robert Dickson, of Wauconda, chairman of a special public works committee created to study a year long study made by a special citizens' committee appointed by County Board Chairman Karl Berning.

Dickson's committee is expected to recommend the establishment of a county public works department with a professional engineer as the director.

It is conceivable that in the future all decisions will be made by these experts working as a committee with the board serving as a rubber stamp approving the decisions of the County Board of Experts.

The supervisors are actually caught on the horns of a dilemma since expert, professional advice is needed in conducting the affairs of the county in many areas of activity and it would be rather ridiculous for the supervisors to hire experts and then reject their advice.

Speaking of Supervisor Dickson, he is rapidly becoming one of the most influential members of the county board, despite his youth and comparative inexperience on the board.

In addition to heading the public works committee the youthful Wauconda grocer is also chairman of the special committee studying air pollution as a result of the move of industries to rural Lake County, and he was recently named to the key Finance Committee to succeed former Newport Supervisor David Van Patten.

The life of the Young Republican organization in Lake County has been an up and down, in and out affair in the past, but the present organization will probably play a bigger part in the primary election next spring than most of its predecessors because it has remained active between elections.

There are strong active local groups in many areas of the county and they have given muscle and sinew to the county federation.

The presence of many Young GOP members on the county central committee as precinct committeemen has also given the junior members new strength and prestige and they are sure to make their presence felt in party councils in the months ahead.

Add to this the probability that the names of several YGOP members will be on the ballot next spring in addition to that of Coronor Robert H. Babcox and it is easy to see where the young bloods will be

vital factors in the outcome of the primaries.

First of the Democrats to officially jump into the spring balloting is former Fox Lake Mayor Joseph Armondo who has already received the blessings of the party to run for sheriff.

Although defeated for re-election as mayor, Armondo is still highly regarded as a vote-getter and could profit by a too-strenuous primary campaign between the contestants for the GOP nomination for sheriff.

Armondo will need a solid lineup of runningmates, however, since he won't have a gubernatorial or presidential candidate to help him carry this area.

Despite an apparent shift at the state and national levels in Lake County in the last election, returns showed that the GOP is still overwhelmingly strong at the county level and it will take real strong Democratic candidates to unseat any of the GOP nominees.

### Native's Son Goes To Guantanamo Bay, Cuba

Richard F. Horsch, 20, son of Mr. and Mrs. Francis Horsch of Channel Lake, Antioch, is now serving with Naval Mobile Construction Battalion Eight, which arrived for a six-month tour of duty at the Guantanamo Bay, Cuba, Naval Base on Sept. 29.

Horsch, who is a construction electrician's mate constructionman, attended Lane Technical High School in Chicago. He entered the service February of 1959.

SeaBees of Horsch's battalion, scheduled to return to its Davisville, R.I., home port late next spring, will put up 58 concrete-block dependents' housing units on the base, as well as work on a community center and the base's defensive fortifications.

## Your Governor Reports by OTTO KERNER

The special session of the Illinois General Assembly, which I called and which convened Tuesday, has 14 stipulated subjects to be considered.

While there were requests to include several other items, I felt it advisable to limit the agenda to those of critical importance at this time. I do not favor lengthy sessions and I am certain the members of the legislature will not wish a prolonged assembly at this time.

While each item to be considered is necessary to the welfare of Illinois and its citizens, congressional reapportionment takes precedence over all others. This was considered in the regular biennial session, but agreement could not be reached by the legislature.

Reapportionment is necessary as a result of the 1960 census which requires reducing the number of congressmen from Illinois in the House of Representatives by one.

If agreement is not reached and a measure is not passed, all congressmen from Illinois — 24 — must be elected at large. This would be most undesirable for several reasons, and, in fact, is contrary to the intent of the House which provides that its members be elected from districts.

Failure to reapportion Illinois into 24 congressional districts will result in endless confusion. All candidates would have to campaign statewide. Veteran congressmen who

have served their home districts with honor and held positions of prominence in the legislative halls, would be at a decided disadvantage by the necessity of seeking electorate support in areas where they are not known.

The ballot to be voted in the primary and general election would compound the confusion. It would be long and cumbersome, and in the case of the primary, there would be no limit to the number of candidates. At the general election, voters would have to select 24 from a total of 49 candidates.

But of more vital concern is the central fact that the 24 elected would not, in all probability, be a fair representation of the people. By being denied the right to vote on a district basis, constituents would not have any particular congressman representing them. This would be a great disservice to the people of Illinois.

Our citizens have every plausible reason to want the Illinois General Assembly to agree on reapportionment and pass such a measure in this special session.

## Lindenhurst News

By Mrs. Bernice Bernau

The past week was quite an exciting one for Carole Drago of 1803 Elmwood Drive. Thursday morning, her wallet, along with several other ones, was stolen while she was at gym. The girls' wallets were found in Round Lake Beach a few hours later by two inspectors for the Illinois Department of Public Health under a newspaper on the side of Old Cedar Lake Road. The money had been removed from the wallets. Carole was especially upset because the money stolen was to have been her train fare to Chicago to purchase her gown for the Homecoming Dance Saturday night. Carole was chosen candidate for Homecoming Queen, and wanted to look especially nice. She borrowed the money for her fare, and was able to arrive in Chicago to meet her mother.

The theme of the Homecoming was the "Roaring Twenties". Carole didn't make Queen but she was a very, lovely member of the court. Mary Kay Jarvis, Grand Avenue, Lake Villa was crowned Queen by last years King and Queen, Jayne Lassen of Antioch, also was a candidate. The attendants were freshman Sharon Zerr, Sophomore Sharon Baker and Junior Pam Meyer. Committee co-chairmen were Janet Polley and Steve Chandler.

Ray Partipilo of 107 Whiteoak Drive, Lindenhurst was King. After the crowning of the Queen, they had the Coronation Dance. The music was supplied by Wally Weir and his "Skylines".

A corsage was presented to the oldest and youngest alumni member.

Carole and her friends visited the Charcoal House after the dance.

The Altar and Rosary Society of Prince of Peace Church is still seeking more winding strips from Hills Bros. Coffee. They may be left at the rear of the Church on Sunday, or left with any member of the Sodality. Coffee urns are purchased with the bands. If you just throw yours away, here is your opportunity to do a good deed, without costing you anything.

## THE HOUSEWIFE KNOWS BEST

People in the government, as well as out of it, are always seeking new controls of one kind or another over business, on the theory that this is necessary to protect the public.

So an editorial appearing in the Portland Oregonian is very much in point. It observes: "The U. S. senators who have given themselves the assignment of protecting American housewives against the wiles of packages and labelers of food-stuffs ought to visit our supermarket."

"The housewife we know best doesn't need a senator to help her. With her heady, little robin eyes missing nothing, she moves from shelf to shelf, hefting packages and studying labels and prices. Click, click, goes her electronic brain, as she discards the odd-sized package with the flamboyant label, and tucks another into her cart. . . . She is efficiency personified. Shopping is her job, and none knows it better."

This tribute, as any producer or retailer can tell you from hard experience, is thoroughly justified and it goes for all of the housewife's shopping, not just food alone. She may make an occasional mistake, but she doesn't repeat it—

## Laos Representative Gives Speech On The Peace Corps.

By Mrs. Pearl Kapell

When members of the Felter's Subdivision Birthday Club gathered at the home of Mrs. Betty Henriksen recently to celebrate her birthday, they were held enthralled by a short talk by Richard Bowman, a representative of the Peace Corps and at that time a guest in the Henriksen home.

Mr. Bowman recently spent two years in Laos as an agricultural representative of this country and is now in the U.S. attending the Peace

Corps Conference. He recently spoke on the Don McNeil Breakfast Club on the subject which is so close to his heart—realistic aid to needy countries.

Members of the Peace Corps live in underdeveloped countries among the people they seek to aid. They work with the common people, try to discover what aid can be supplied by this country that can be most fully utilized in raising the standard of living. Their salary is scaled to the average salary of the people with whom they work.

The Henriksens have a special interest in Laos. Their son, the Reverend David Henriksen, has been in Laos for four years as a representative of the China Inland Mission Overseas Missionary Fellowship. The Henriksens expect their son to return to this country for a visit in 1962.

Mr. Louis (Red) Behrendt was guest of honor on his 65th birthday on October 8 at a party at the home of his daughter, Mrs. Betty (Charles) Meierdick. The Meierdicks' home is the U.S.S. Never Floats, on the shore of Lake Marie.

Co-hostesses for the party, with Betty, were Mrs. Gladys Lokke and Mrs. Judy (Charles) Behrendt. Forty-five guests partook of a buffet luncheon, featuring a beautiful birthday cake baked by Mr. Behrendt's sister, Mrs. Carrie Lebbin of Chicago. Both of the senior Mr. Behrendt's sons, Charles of Antioch and Thomas of Lake Villa, were present for the occasion.

Louis Behrendt has been a resident of this area for many years and is well known locally, originally coming from Chicago. He is retired now, and lives with his daughter, Betty Meierdick.

Jean Dowell, daughter of Mr. and Mrs. Glenn Dowell, had two parties on her eighth birthday on October 7—one in the afternoon for several of her little friends and an evening party with adult relatives and friends as the guests.

Leonard Bloniarz, the energetic and popular former president of the Felter's Subdivision, is in Memorial DuPage Hospital after suffering a heart attack.

### New Church To Organize Classes For Membership

By Mrs. Bernice Bernau

Charter membership classes are now being organized by the new Evangelical United Brethren Church of Lindenhurst. Upon completion of a five session introduction to the faith and organization of the Church, members will be received into the charter membership of the local church. It is planned that those now preparing for membership in the Church will be received by the minister as charter members on Sunday, November 12, during the regular hour of worship.

Work toward the organization of the new congregation was begun during the summer when the Rev. Lawrence Bouldin was assigned by the denomination to be organizing pastor of the parish. The congregation held its first worship service on September 10.

The congregation is currently meeting for Sunday School and Worship in the all-purpose room of the B. J. Hooper School at the corner of Sand Lake Road and Beck Road in Lindenhurst.

The membership classes which are just beginning will meet five times to discuss the history of the denomination, local plans for the establishment of a Church at the corner of Beck Road and Valley Drive, the faith of the Christian Church, and the organization of the local congregation. Those completing the current study will have the opportunity to be listed as Charter members of the local church. It is planned that the charter membership will include all who join the church during the first six months. All who are interested in being a

part of the groups now being organized should contact the pastor, Mr. Bouldin, at Elliot 6-6861.

### CHANGE OF RESIDENCE

Mr. and Mrs. Richard Gruner, of Santa Rosa, Cal., would like to hear from some of their friends in Antioch and surrounding area, who knew them when they were residents of Antioch. Their address, since moving to California in November of 1960, is 1875 Mendocino Ave., Santa Rosa. The Gruners wrote to The Antioch News that some friends thought they were living in Chicago.

This dance is properly adult chaperoned and supervised. The M. C. for the evening show will be the popular Ralph Pallamolla who has worked with such stars as Arthur Godfrey, Roy Rodgers, and Gene Autry.

## From Hobby to Tropicquarium

By Mrs. Pearl Kapell

Do you have a hobby that you find is taking too much of your time? Or too much space in your home? Is your wife (or husband) beginning to growl—even snarl—when you come home radiant with joy at finding a new treasure to add to your collection?

Lewis Rogers, of Channel Lake, has solved all these problems and his hobby very simply. When his tropical fish spread from his home to his garage and overflowed the home of his son, he decided it was time to share his hobby, and opened a Tropicquarium in Antioch.

The whole thing started very innocently, when his niece presented him with five guppies. Guppies are the rabbits of the fish world, and Lewis became interested in studying their habits and needs. But breeding guppies is not really much of a challenge, so Lewis decided to try something a bit more difficult. This required more study, and more equipment, and it wasn't long before Lewis had read every book in the local library on the care of tropical fish. As with every subject, the more you study, the more you discover you don't know, so that more and more study, and more experimentation is required. And Lewis soon found himself literally knee deep in tanks of fish.

So about a month ago, Lewis opened his Tropicquarium. It's on the east side of Main St., in the basement below a barber shop. The ante-room of his shop is devoted to all the supplies—tanks, foods, medicines, books on care of fish—that are needed by fish raisers, plus an amazing assortment of purely decorative adjuncts to make the aquarium a beautiful home decoration.

The back room of the shop is softly lighted and tastefully decorated, with the walls lined with tanks containing the many beautiful varieties of fish Lewis has for sale. The fish are not kept in crowded tanks, under the glaring lights which most pet shops use to display their fish, but under the ideal conditions necessary to keep them in the best condition. Even if you have no interest in tropical fish, you can not help being intrigued by the many beautiful and unusual breeds displayed.

Here are the Neons, voted "Most Beautiful" at the tropical fish show in New York last year. Their name is descriptive—they glow with a light all their own: the glass fish, transparently beautiful; the eternally romantic Kissing Gouramis.

Each in a tank by himself is the scarlet and warlike male Beta's—the Siamese fighting fish. If put in with any other fish, they will fight to the death. The female of this species is not much friendlier, though she will tolerate the presence of fish of other breeds, or females of her own kind with which she is raised. In another tank, a group of Angel fish trail their filmy draperies.

Oddities of the aquarium are the Pencil fish and the Head Stander. The head Stander points always almost straight down. Always keeping it's vertical position, it rises from the bottom and lowers itself in the tank by inflating and deflating the air sac which lies under it's backbone. All fish, Lewis says, have this air sac to help them go up and down.

There are Opalene Gouramis, Rosy, Albino and Tiger Barbs. The tiny Black red-tailed shark has never been raised in captivity to date, and each one sold must be captured in tropical waters and shipped here. The Egyptian Mouth Breeder raises their young in their mouth till large enough to cope with the outside world, and fast for about ten days required for the process.

Besides his first love, the tropical fish, Lewis has for sale little turtles and alligators, and will procure for customers, on order, any pet from a kitten to a monkey. He welcomes tours by Science classes, Scout troops or other organizations,

## Inside Antioch High

By Mike Brooks

Antioch High would like to send out a special note of thanks to the weatherman for his cooperation during Homecoming this past weekend! Warm and sunny skies made us forget, to some extent, the disappointment of losing our Homecoming game. Instead we thought about how our team gave everything it had in trying to win that game. We thought about the huge bonfire and pep rally Friday night and the colorful parade Saturday morning. Pleasant memories of one of the best Homecoming dances ever to be held in Antioch will linger in our minds for months to come.

Mr. William Brook, of the ATHS Board, was the guest speaker at the bonfire and pep rally Friday night. We enjoyed his reminiscences about his high school days at ATHS during "The Roaring Twenties". Mr. Brook also stressed the fact that Antioch students have always been behind their teams — win, lose or draw.

The Junior Class Float captured first place in the School Class Division. The Seniors took second place. GAA received the first place award for their clever entry in the Town Club and School Club Division.

Second place went to the Junior Chamber of Commerce. In the Business and Civic Cars Division, the Seniors' Men's Store came in first with Fay's Toys and Gifts taking second.

Saturday night, an estimated 150 couples whirled away to the music of Wally Weir and his combo. King of the Homecoming, Ray Partillo, and the escorts to the Queen's Court were chosen from the football team. The Queen's Court was made up of Seniors — Carole Drago, Jane Lassen and Mary Kay Jarvis; Junior — Pam Meyer; Sophomore — Sharon Baker and Freshman — Sharon Zerr. At 11 p.m. last year's Homecoming Queen, Dorothy Close, crowned Mary Kay Jarvis Queen for 1961.

Many groups and individuals cooperated in making the entire weekend an outstanding success. An unusually colorful touch was added when the combined ATHS and Lake Villa Grade School Bands played "The Star-Spangled Banner" at the game. The half-time show by our band seemed unusually peppy this year. Much credit to the Drum Major, Marguerita Gillum who led this group through its snappy and colorful show.

It is impossible to mention all those who did outstanding jobs. Certainly Mr. Harrison Brown as advisor and Steve Chandler, president of the Student Council are to be especially commended, as are all the faculty advisors and students who worked long and hard to make Homecoming — 1961 a great success.

While Homecoming held the spotlight last week some other important events also took place. The seniors had their pictures taken. The juniors held elections for their executive board and chose the following to serve their class for 1961: Amy Albert, Don Blackman, Jim Brownlee, Wally Delaney, Frank Ehrhardt, John Hallwas, Lynette Harms, Kathy Kanka, Bob Kubicki, Julie Lightsey, Terry Manzardo, Myrna Masek, Rosa Pleviak, Jane Strang, Kathy Tully, Judie Turner, Harriet Wells and Harleen Young.

**A "PROFIT ECONOMY"**  
Ours is a "profit economy." It is the hope of profit that causes people to put their savings into productive enterprise, to create the plants and all the other facilities that provide goods and services along with mass employment at high wages.

But comparatively few of us realize how small the profits usually are, in the light of the total amounts of money involved.

Take, as a salient example, meat packing—a big and essential industry. Last year its sales reached the huge figure of \$13 billion 250 million. On that volume it had earnings of \$110 million. That represents only 8/10ths of one percent of sales—a profit so tiny that no consumer would be able to notice the difference if it didn't exist at all.

This percentage of profit marked a decline from 1959, when the figure was one per cent. And the earnings decline occurred during a year in which the volume of meat processed soared to an all-time high of 27.6 billion pounds. This rather emphatically refutes the often-heard theory that the industry always does better when livestock supplies are more abundant. History seems to be repeating itself—so far this year supplies have been fairly abundant, but mid-year reports do not indicate any major upward trend in the earning picture.

Yes, we live in a "profit economy." But, as a rule, the profits made by enterprise add up to one of the smallest of items so far as the family budget is concerned.

At the table, it's not the minutes that increase the weight, but the seconds.—News, Jackson, Miss.

## COW PRODUCTION

Among the entries topping the class average in both milk and butterfat in the National Holstein Show, in Waterloo, Iowa, is Amstead Julie

Oramsby, a cow owned by Raven-glen Farm in Antioch.

# Sequoit Homecoming Dumped by Wauconda

## ATHS Tallies Their 1st TD For The Year

By Jim Cain

Warm and sunny Indian Summer weather prevailed last Saturday afternoon, when "Antioch's Fighting Sequoits" fumbled the game away 19-7, to Wauconda's Bulldogs.

Wauconda's Rich Pachett returned the opening kick to the 38 yard line. Then Ron Christ's runs of 9, 10, and 12 yards with Rex Slocum's 25 yard dash put the ball on the Antioch one yard line. An illegal procedure penalty against Wauconda forced them back to the 6 yard line. The Sequoits stopped the assault on the 4 yard line.

Rich Fitch gave the Sequoits some breathing room with runs of 12, 5, and 4 yards. Joe Pleviak connected with a 5 yard pass play. A holding penalty then pushed Antioch back to their 15 yard line and ended the quarter.

Pleviak started the second quarter with a 13 yard run but then had a pass intercepted by Ron Christ at the 30. Christ gained 4 yards, a pass to Walt Kersten got 6, and a 10 yard run put the pigskin on Antioch's 10. Dick Cuttone scurried from the 10 to tally the score. The try for the extra point was no good.

A clipping penalty on the kickoff gave Antioch the ball on the 40 yard line. Pleviak went for 8 yards. Fitch again showed running ability hitting for 9, 4, and 10 yards. Rich Fowles broke open for 15 yards. Pleviak got runs of 8, 4, and 2 yards before passing from the 4 yard line to Tom Furlan for the touchdown. Fitch faked a kick and passed to Furlan for the extra point.

Early in the third quarter Wauconda drove to Antioch's 14 before the Sequoits could stop them. Christ recovered Antioch's fumble on the first play. A pass to Kersten tallied Wauconda's second score putting them ahead 12-7.

The kick was received on the 25 yard line. Antioch's fumble on the first play was recovered by Sutherland and the quarter ended.

Cuttone's 8 yard drive to the 9 yard line set up Slocum's touchdown run. Cuttone ran the extra point.

Despite desperate efforts the Sequoits could not penetrate into Wauconda's territory. The final gun sounded with the score 19-7.

Coach Walther's boys looked much improved and displayed fine spirit. The result of this hard fought contest would have been different had it not been for the two fumbles and the running of Ron Christ.

Saturday Coach Walther "fighting Sequoits" take on Ela-Vernon at Lake Zurich. Game time is 2:30.

## Former Star Cinches Game

Don Pyle, former Antioch High Football star led Pittman Motors to their second consecutive win, Sunday, Oct. 8, in a 34 to 7 rout over Bob's Place of Waukegan at Victory Field. Pyle passed for 3 TD's of 10, 53 and 8 yds. Chuck Schuth, Russ Cote and Dick Carlucci were the receivers.

Pyle scored himself on a 6 yd. plunge. Following extra-points passes to Schuth and Pete Barret, Pyle scored the 4th TD on another run.

Al Reckers, Pittman's passing halfback, completed 5 out of 7 passes for 108 yds, added by 1 touchdown pass to Schuth.

Fine offensive lineplay of Joel Armstrong and Paul Williamson provided for accurate passing in the contest.

Defensive lineman Walt Rosquist and Tom Burda teamed with Wayne Swanson and Jim Scully in the secondary to hold Bob's to one touchdown which was a 70-yd. kickoff return by Tom Fedrow.

Pittman Motors will play again next Sunday, Oct. 14, at Belvedere Park. The game is scheduled for 2:30.

## School Bowlers

Due to the parade Saturday there wasn't any league bowling for the Juniors.

The Bantams bowled as usual and Greg Williams on the one o'clock league rolled a 177 which entitles him to an arm emblem.

## Fox Lake Boaters To Hold A Free-For-All Marathon

Arrangements have been made for a 5-hour free-for-all marathon boat race at Fox Lake, Sunday, Oct. 14, reported George Kreissl, Publicity Chairman.

Each boat entering must have an individual scorer and each person is required to sign a release of liability.

## Junior Football Players Seek Contest Prizes Here

The Punt, Pass and Kick Contest, here in Antioch, with eighty junior football players competing for awards, will take place at the High School Football Field, Oct. 14.

This Saturday's youthful event will be judged by adults who will rate the boys on their accuracy and distance at punting, place-kicking and passing.

The registration, which at first seemed lacking, has finally reached a swelling proportion of enrollees, with most of the youths in the Antioch area participating.

Larry Leon, one of the judges of the contest and coach of the AHS basketball team will have some of his players present to help judge. Jim Brownlee, Don Blockman, Bud

Dittman, Bill Ozga, Bob Kubicki and Al Gruidl, members of the basketball team will assist the adult judges.

Boys participating in the event, which takes place at 10 a.m. this Saturday, are asked not to wear football shoes as only street or gym shoes are acceptable.

Prizes to be awarded to the winning players will be football uniforms, footballs and warm-up jackets.

The top winners of the program will compete for national honors at a game of the Chicago Bears in November.

The P.P. & K. program is being sponsored nationally by the Ford Division of Ford Motor Company.

Junior riders Jim Kopriva (left) and Robert Osmond get set to battle for top honors in the Punt, Pass and Kick Program here, this Saturday, Oct. 14.

Driver of the "Greyhound" in Madison's Regatta held last week, Lou Portalski of Antioch, holds his hard-won trophy. Standing with Portalski is his daughter Louise and his wife Cecilia.

## Greyhound Victor Takes Madison Indiana Regatta

Lou Portalski of Antioch drove the SK class "Greyhound" to a first place victory at the Madison Indiana Regatta held Sept. 30th and Oct. 1st. Portalski, a member of the Chain O' Lakes Boat Club of Fox Lake, averaged 69 mph in the first heat and 72 mph in the second heat. The hull owned by the Flood Bros. of Chicago is a 17 foot Rayson Craft powered by a Chrysler automobile engine and has run through the kilo at 86 mph.

Mike Gordon of Miami, Fla., the number one driver in APBA points for the 1961 season, ran overall second with a second in the first heat and a fourth in the second heat. Gordon's boat, the "Clamdigger" is

also a Rayson Craft powered by Chrysler.

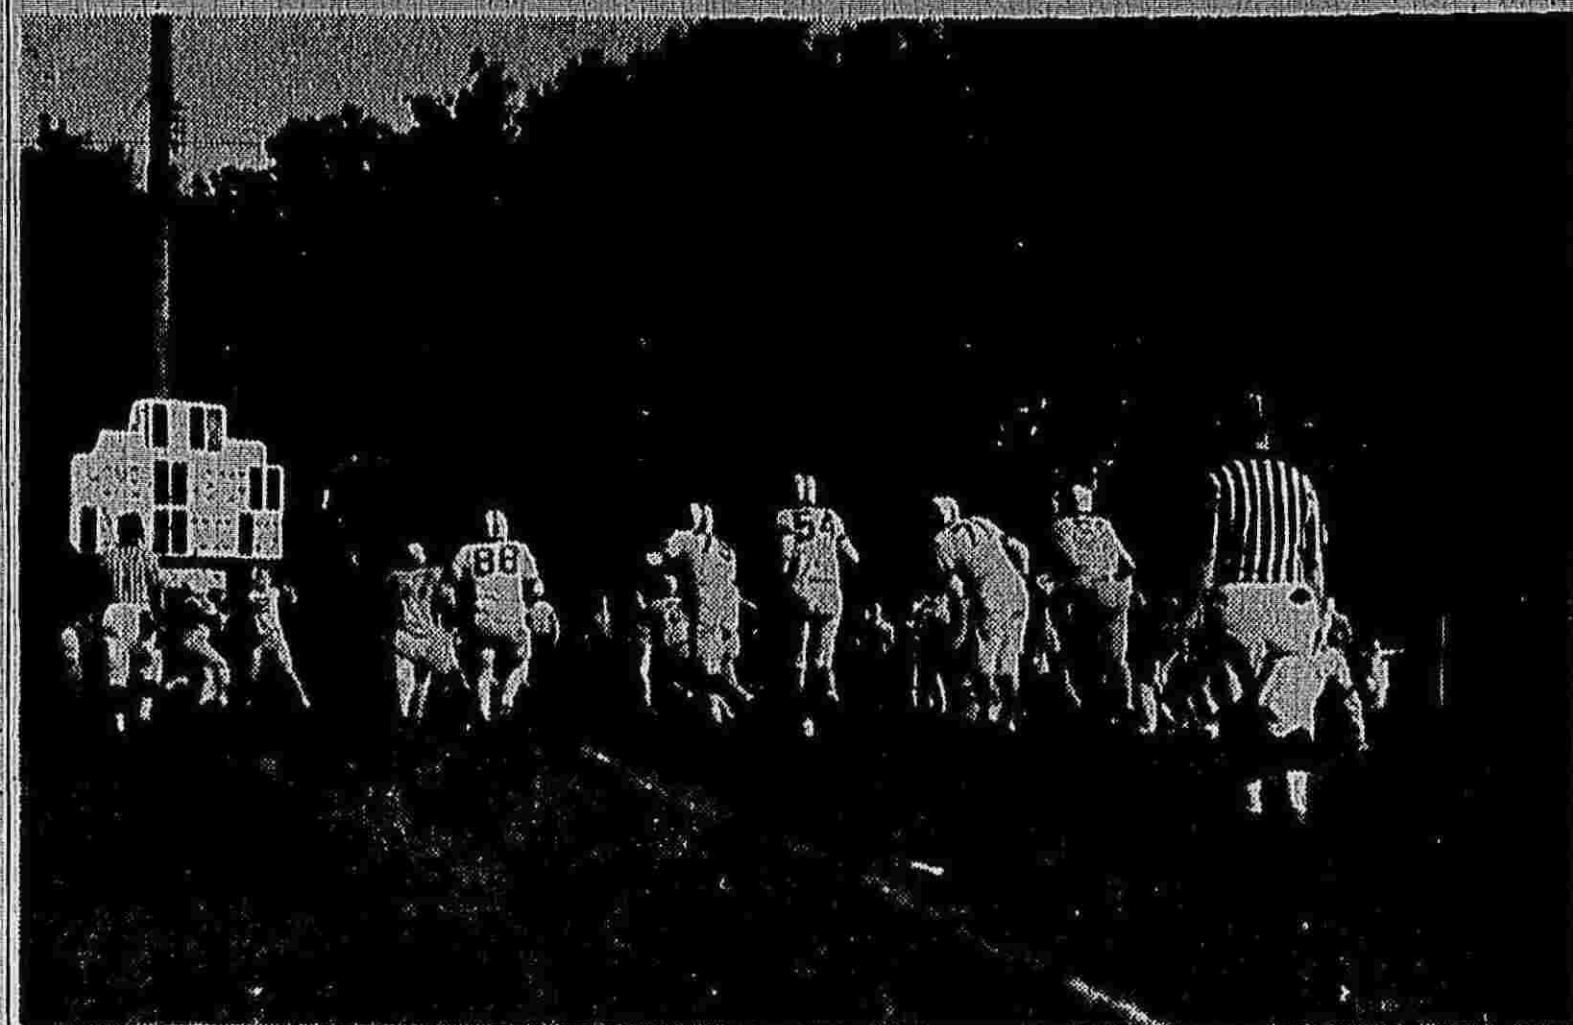

Members of the Chain O' Lakes Club also finished third and fourth in their powerful SK racing runabouts. Ron Larson of Chicago was third in his "Miss Quickie" and Les Brown of Oak Lawn was fourth in his "Long Gone".

Club members, Ed "Zip" Zender in the "Hex" and Don Melbinger in the "Pandemonium", both developed mechanical trouble and were forced out of the race.

Many of the members of the Chain O' Lakes Club were on hand to witness Portalski's victory and the two full days of exciting powerboat races held on the Ohio River, contest.

The Free-For-All winner of the closed course races was Vince Weishauple of North Lake, it was reported. Weishauple, driving the "Mispronounced", won the noted Hollenback Trophy.

Registration for the Sunday event is at 10:30 a.m. at the Mineola Hotel.

AS THE CROWD CHEERED Antioch halfback Richard Fitch threw a short pass to Furlan (seen in the endzone to the left) for the extra point added to the first Sequoit touchdown of the season. However, the Sequoits' hopes were dashed in the second half of the game when Wauconda tallied a final tally of 19 to 7.
